## EXPERIENCE

### Jr. web application Developer (internship)

(8 July 23 – 8 Dec 23)

[HasTech IT Ltd](#) 

My primary role was to craft Shopify apps using Next.js, Sass, Tailwind CSS, Node.js, Koa.js, and MongoDB.

- Developed two successful Shopify apps, expanding product offerings and sourcing revenue.
- Collaborated with support team for effective customer service of their Shopify apps.
- Improved the documentation of their profitable apps for better user experience.

### Frontend Developer (Full-time)

(1 June 24 – 30 sep 24)

**Startup company**

As a frontend developer, I designed and built the UI for Shopify apps, particularly focusing on the admin panel. I gained experience with TypeScript, tRPC, React Hook Form, and improved my code management practices.
